Question: There was no paperwork at all in our box. We were able to get it together and run it but we don't know how to get the music hooked up nor know about c

Answer: Download gyroor app. I'm pretty sure you have to have that. Also, I vaguely remember maybe holding down the power button when syncing to your phone or tablet or whatever you're playing music on. Then go into your Bluetooth settings and sync to the gyroor.

★★★★★ Will make any kid very happy!! Everyone will want to ride the scooter!

Reviewed in the United States on August 10, 2019

Color: blue with Kart-T581 | Verified Purchase

Son and father loveeeee this hover board and scooter. After 30 seconds of understanding how the scooter controls work, my son was hooked. His father made him get off it so he can try it. Lol. They spent the entire weekend riding it. They rode through grass, a neighbors flower bed, and a little in the street. We can confirm the all-terrain. ;)

The scooter sits very very low to ground - we live outside the city and don't have a lot of sidewalks so I only allow my son to use it our driveway or through the yard.

The speaker is loud and clear - if I see my son riding, sometimes I pair it to my phone and put on some old school jams - drives my son crazy, lol.

★★★★★ Very nice hoover board

Can't address battery life because we have not had it long. There is a definite learning curve to riding but after mom reading directions several times and a few concentrated riding sessions my granddaughter did get comfortable on it. She does love the look of it with the lights etc.

★★★★★ PERFECT 10th Birthday Present! :)

Reviewed in the United States on September 19, 2019

Verified Purchase

Our daughter LOVED receiving this for her 10th birthday! She had been begging for a hoverboard and we researched tons of boards and are so glad we bought this one! The lights and the music are really cool! She had no trouble using this either. Although she has used friends before so she did have some experience. She has ridden it inside on our hardwood floors, outside on our paved driveway and even in the grass and it has worked great everywhere! Did I mention the lights and music are really cool? :)

★★★★★ Great hoverboard

Reviewed in the United States on August 1, 2019

Verified Purchase | Early Reviewer Rewards (What's this?)

I purchased this hoverboard for my 10 year old granddaughter because all of the girls her age in the neighborhood have one. She is thrilled with it and rides it constantly when she is visiting me. It only took her about 45 minutes to learn to ride it well. It seems very stable and she absolutely loves the colorful lights and bluetooth. The battery lasts a reasonable length of time also. She took it to her friend's house the other day and the mother messaged me wanting to know which one it is. Of course I sent her the link!
